

“shidou, if I was an ordinary human being, how would we meet?”

At a certain lunch break, Tohka suddenly asked Shidou this question.

“Ehh? Let me think...”

Shidou supported his chin with his hand and rethought of the time when they first met.

“Maaah... April 10 is the school’s opening, how about if we pretend Tohka is a transfer student? It would be like...”

April 10.

As Shidou walks through a path which sakura petals continuously falls down, he suddenly stopped his tracks.

The reason was simple, there was a girl who was standing in front of him, on the path in which Shidou originally thought that no one uses.

“.....”

Shidou stopped his breath, the girl standing in front of him possesses such beauty which could surpass the whole universe.

As Shidou blanks out due to staring at the girl, the girl suddenly approaches Shidou.

“Umu, your uniform, is it from Raizen High?”

“Eh.....ye, yes”

“That’s great! Actually, I’m a transfer student that will be attending Raizen High School, but I somehow got lost. Can you guide me to school?”

“Of course!”

Shidou nodded his head, the girl brought up her hand.

“My name is Yatogami Tohka. Nice to meet you”

“Ahh.... My name is Itsuka Shidou”

“shidou... What a nice name”

After her words, the girl — Tohka revealed a smile, looking at how cute she is, Shidou felt a tightness in his heart.

— But suddenly, a strong wind blew, from the sakura tree, large amounts of caterpillars fall on Tohka.

“Wuwaaaaaaaaaaaaaaaaa!?”

Finishing half of the sentence, Tohka suddenly felt a shiver down her body.

“wh... Why are caterpillars falling down!?”

“tha... that... I didn’t...”

Suddenly at this time, a girl stood behind Tohka without being noticed.

Tobiichi Origami. Tohka’s arch-enemy.

“Tobiichi Origami! Don’t add in such a weird scene!”

“How is it weird. You and caterpillars could be said to be the perfect match”

“you... Youu!”

Tohka loudly shouted, but soon turned back to Shidou.

“Hn, I don’t have the time to argue with you. shidou, let’s continue!”

“sur... sure...”

Shidou held his chin as he continued.

Shidou's new grade is Year 2, Class 4. The homeroom teacher is Tama-chan, everyone's favorite teacher.

After Tama-chan's introduction, a grin appeared on her face.

"Yes, yes. Today I have a surprise for everyone... with that said, please come in"

After Tama-chan finished her sentence, the door of the classroom opened, a girl with breath-taking beauty walked into the classroom.

"Ahh..."

After seeing her figure, Shidou involuntarily widen his eyes.

At the same time, Tohka also found Shidou. Her expression brightened up and walked up to where Shidou is sitting.

"Ouuuu, shidou, we're classmates!"

"Yes, I'll be in your care"

Shidou nodded his head as he suffer the stares of shock and envy from his classmates.

Suddenly at this moment...

Tohka's face, back, and abdomen suddenly split into left and right as two pieces. Spider-like tentacles appeared from Tohka's body.

"wu... Wuahhhhhhh!?"

Due to the sudden dramatic change in the situation, the class fell into chaos.

“Gehahaha... I came from the Andromeda planet to take over this planet!”

“wha... What are you saying!?”

“kuuu... Die, you lowly being!”

Tohka extends her tentacles to attack Shidou.

“Quick, escape from this place”

“you... You are...”

“Why you little... You dare to stop me! Then I shall start by finishing you first!”

Tohka used her tentacles to attack Origami, but Origami dodge Tohka’s attack with great agility and dexterity. Origami pulled out a small automated gun and shot Tohka’s chest a few times.

“Gu..Guahhhh!”

Tohka gave off a painful scream before she collapsed on the floor.

“Are you alright, Shidou?”

Origami extended her hand to Shidou.

Shidou’s heart was captured by Origami’s bravery.

“Thank you... Although this is a bit sudden, but please marry me”

“Very happy, it's my pleasure”

Shidou and Origami tightly hugged each other.

The classmates’ applause sounded the classroom.

“wuu...ga... Ahhhhh!!!”

Tohka slammed the table with her hands.

“I can’t take it anymore! I’ll exterminate you and reunite with shidou!”

“The ending is the same no matter what you do, go back to your Andromeda planet”

“What did you say!!!”

Tohka and Origami’s sharp glances intertwined.

“You both, wai...Wait...Guah...”

Shidou, attempting to stop the fight, fainted after being separately punched in the stomach and face.
